THE EMPEROR SNUBS TWO

VICEROYS.Telegraphic advices of an Imperial Decree which will cause consternation throughout the longth and breadth of the empire reached Shanghai from Peking this morning, says the China Gazette of the 6th inst It is to the following effect :- A short time back the Vicorcy La Hanchang recommended to the throne one Luh Weiobn for the rank and office of Taotai, to be employed in Canton. At the same time Line Kun-vib the Vicercy at Nanking, sent up the name of Li Ching-chu, an expectant Tantai this province, and a son of the Viceroy Li Hung-chang, for a similar post, The Decree received to-day announces that the Emperor has had the two candidates before him for audience and found that Li Ching ohn was intensely ignorant and knew nothing whatever about foreign affairs or the duties he would be cuployed in if his nomination had been approved. But as he is the son of a grandes of the empire the Emperor, instead of following the usual course with ignorant, pretentious aspirant to high office, simply issues this decree and allows Li Ching-ohu to go about his business. The other person whose name was sent up by the Canton Vicercy was also found attorly unfitted for the post of Tuotal, and so also sent about his busiueas, while the Vicercy Li Han-chang is reminded that in recommending candidates for important officer all personal considerations are to be act aside, and no man whose capacities are equal to the task should be recommended for important posts in the government service. So much for the two Vicer ye, but what of the indirect thrust which the Decree delivers at the great man of the North whose son has been thu ignominionely rejected by the Eurperor P.

Consequent on the bad prospect of the Opium crops the Government of India have announced a reduction in the number of chests of the manufactured drug to be sold in October. November, and December. In each of these three months only 3,105 chests of Bangal opiumwill be put up to anotion. It is also notified in the enlandar year 1895 only 37,260 chests will be offered for sale and not more than 3,105 in any one month. The quantity originally announced for sale in the current year was 4:300 chests. The reduction in the sales will thus be spread over fifteen mouths. This step is absolutely necessary to save the reserve stock from being depleted. Higher prices will rate as a direct result of this curtailment of the supply, and there will probably be beavy scoonla i in the dring for some months to come.

THE BAMPUR MUTINT.

Stula, 20th June. The reports of the mutiny at Rampur have been greatly exagg rated by a contemporary, and many statem into made are inacourate. The following are the true facts concerning its suppression which have not yet been made public and which I have obtained direct from Headquarters on the night of the 6th instant the Charkha Battalion of Rampur broke out in mintiny against their Commandant and the party supporting him. They attacked and set fire to his hosse, and fire or six of the men were killed and thirteen wounded. Commandant Patral Khan, of the Imperial Service Lancers, on Learing shots fired in the Churkha lines immediately sounded the alarm and the Imperial Lancers fall in without delay. and murobing straight to the lines of the mutinone regiments surrounded and disarmed them. taking most of the ringleaders prisoners and securing all the amminition, considering Fatyal Khan had no fire arms, the weapons being swords conly, and that he acted promptly on his own responsibility, the greatest possible crecht is due to him and the officers and mon of his regiment.
